Smart Tech. Smart Cooking

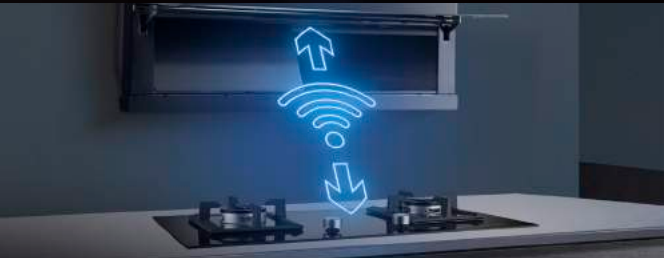

FOTILE **EPS-i** allows you to accurately control the flame level in an instant, automatically turn on the range hood to remove cooking smoke, and even automatically turn off the fire at desired time, eliminating the chaos in the cooking process.

Smart Flame. **Easier, Faster and More Efficient**

Each of FOTILE **EPS-i** 7 adjustable flame levels is clearly defined-suitable for keeping food warm or stir-fry cooking. In fact, it is perfectly easy to identify the ideal flame level for searing a medium-rare steak to the juicy perfection.

Smart Sync. **Flames In, Smoke Out**

Never a kitchen full of smoke when you stir-fry with FOTILE **EPS-i** hood-hob sync function. It activates smoke extraction upon flame ignition.*

*Hood-hob sync needs to be paired with FOTILE's range hood that has sync feature.

Smart Timer. **Accuracy Guaranteed**

Time plays a crucial role in cooking. With FOTILE EPS-i, constant monitoring is no longer needed. FOTILE **EPS-i** has a 180-minute timer on each side, a simple setup, and a clear time display, so you can manage cooking time accurately without supervision.*

*Timer function is only available for gas hob model GEG88201.
