

HAPPINESS STARTS IN YOUR KITCHEN

Since its inception in 1996, FOTILE has carved a niche in the industry of being the No.1 high end kitchen appliances brand in China, specializes in developing built-in kitchen appliances like hoods, hobs, cooking range, combi ovens, microwave ovens, water purifier and dishwashers.

We have the largest R&D center in the world with **8000sqm**. With technology, innovation design and performance as the key factors in Fotile manufacturing, we have achieved **13000+** patents in product and **3600+**** in invention, bringing innovative and good quality product to over **17 millions** of families around the world. FOTILE commitments to excellence not only bringing satisfaction to our customer, we have won a numerous international accolade namely RedDots design awards, IF Product Design Award that uplifting the industry standard of designs and product innovations.

At FOTILE, our business is built on the foundation of product innovation and creating kitchen appliances that are functional, stylish and family oriented. That is why FOTILE is constantly inventing, designing and creating extraordinary products while maintaining its reputation as a leading kitchen expert that puts families at the first place.

Marking a remarkable milestone, FOTILE has launched its first largest kitchen appliances gallery named the FOTILE Style located at TaoJiang road, Shanghai, in year 2012. This gallery showcasing the brand's most prestigious kitchen appliances. A 'futuristic corner' is introduced in this gallery, allows visitors a glimpse into some of FOTILE's most innovative technology.

With over 20 years of experience in servicing Malaysian customers, FOTILE Marketing Sdn.Bhd as the sole distributor of FOTILE kitchen appliances in Malaysia, has the expertise to offer functional and stylish kitchen appliances that suited to Western and Asian cooking.

Today, FOTILE Malaysia enjoys its position as a reputable premium kitchen appliances brand in Malaysia with a strong following of happy and satisfied customers. We strive to innovate our product and service, providing a full spectrum of cooking solutions that caters to every Malaysian kitchen need.

LUNA Series

FOTILE

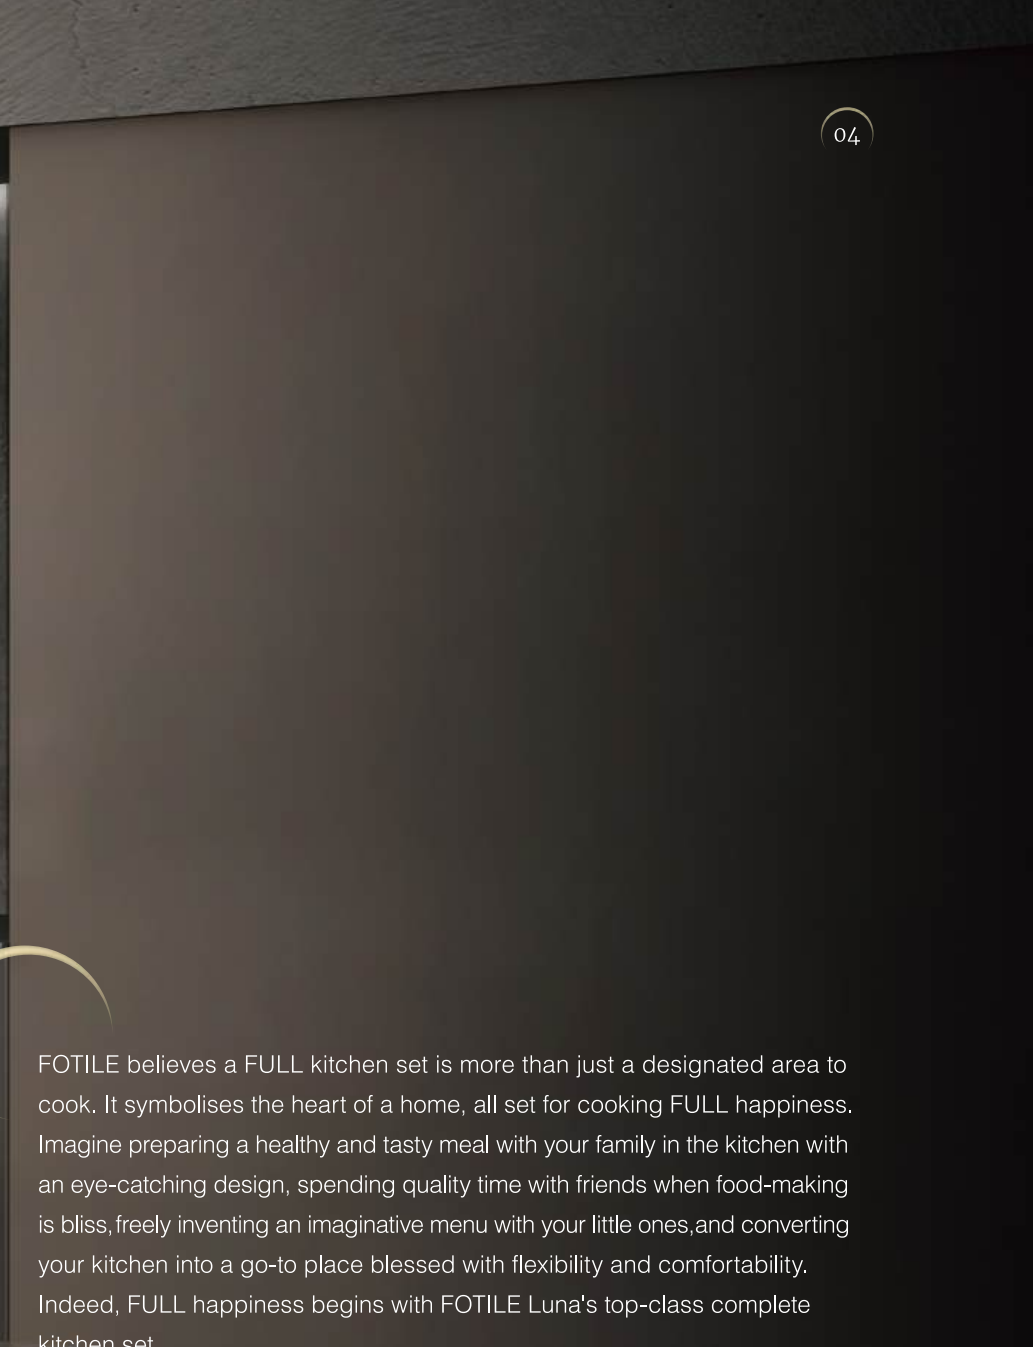

Set For
Full Happiness

WonderFULL Cooking Experience With FOTILE Luna Series

If we are what we eat, then a joyous life at home begins in our kitchen. Our mission is to become “The Happy Homemaker”—a maker of happy and healthy homes, starting in the kitchen. With FOTILE Luna Series, home cooking becomes a wonderFULL bonding activity!

FULLness denotes complete fulfilment without excessiveness. FOTILE Luna Series covers every feature that enables peace of mind, from cooking to cleaning. It embodies the best of both worlds, bespoke aesthetics and convenience backed by artificial intelligence. Let's bid farewell to kitchen chaos. Transform your cooking place into a true beauty from the inside out with FOTILE Luna's sophisticated, uniform kitchen design concept and smart technology.

FOTILE believes a FULL kitchen set is more than just a designated area to cook. It symbolises the heart of a home, all set for cooking FULL happiness. Imagine preparing a healthy and tasty meal with your family in the kitchen with an eye-catching design, spending quality time with friends when food-making is bliss, freely inventing an imaginative menu with your little ones, and converting your kitchen into a go-to place blessed with flexibility and comfortability. Indeed, FULL happiness begins with FOTILE Luna's top-class complete kitchen set.

GraceFULL Smoke-Free Cooking Experience

Are you bothered by kitchen chaos and pungent cooking fumes? Fortified by smart technology, FOTILE Luna's ultra-thin hood promises an unmatched graceFULL cooking experience. Go contactless and settle all with a wave of hand. With its close-in and powerFULL suction design, FOTILE Luna Hood effortlessly captures smoke before it starts to spread. Additionally, Silence+ technology ensures silent operation for uninterrupted communication. Feel free to kickstart cooking and stay confidently elegant in a smoke-free and clean kitchen.

The Luna Fashion: With a soft-to-touch matte finish, FOTILE exudes the ultimate posh without leaving any watermark or grease stain

Smart Sync: Auto activation of smoke extraction once hob is ignited for an exceptional cooking experience

Smart SMOTION: Relish seamless operation by simply waving to activate or deactivate the hood

Ultra-Thin & Close-In Design: Gives you a spacious cooking space, with efficient extraction that captures smoke at its source

Silence+ Technology: Quiet performance as low as **42dB** so you can cook without being disturbed by excessive noise

Powerful Extraction With BLDC Motor

BLDC motor incorporates intelligent algorithms to boost smoke extraction with an airflow of 2,600m³/hr (unrestrained airflow) and 1,230Pa air pressure.

Rear Extraction Design

Motor rotates 180° to reduce the distance of cooking smoke and extracting it in a straight path.

Soft Illumination

Creates a graceFULL ambience with soft lighting to spruce up the cooking experience.

Hidden Oil Cup

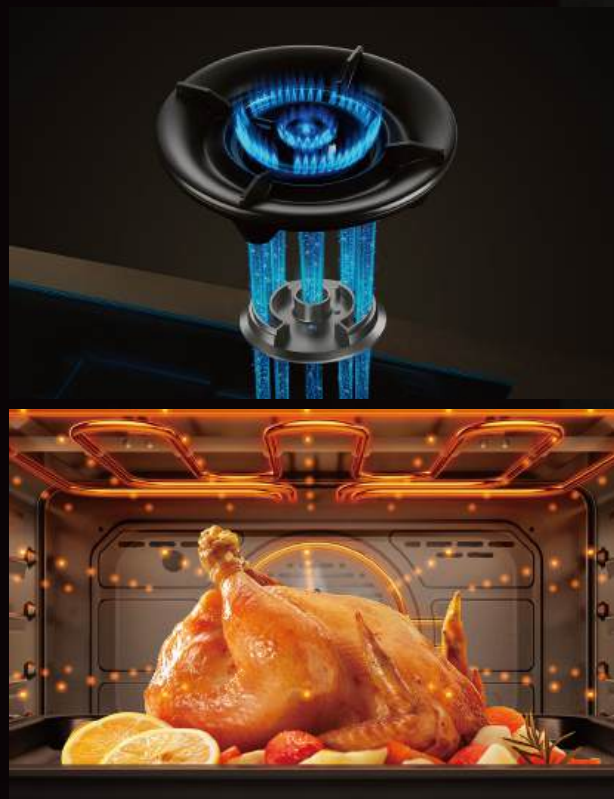

Maintains an elegant appearance while providing a discreet solution for collecting cooking smoke.

MasterFULL Cooking Experience in a Stylish Kitchen

Let's cook up a new and integrated experience with FOTILE Luna Cooking Range. This product goes beyond merely fulfilling your kitchen requirements. It combines innovative technology and easy-to-use setup with stylish design and luxurious texture. In short, the FOTILE Luna Cooking Range creates a top-notch masterFULL cooking centre that excels in every aspect. Compact in design with powerful features.

All-in-One: Space saving and high performing – supports sauteing, stewing, boiling, steaming, baking, frying and dehydrating

Unique Smoke Diversion: FlavourFULL dishes made easily without hot air rushing towards your face when opening the oven's door

5.5kW Burning Flames: Be the professional chef who cooks diverse culinary without limit

Smart Sync: Auto activation of smoke extraction once cooking range is activated for an exceptional cooking experience

Healthy Cooking: Helps to cook your dishes healthily with healthy steam, bake, air fry and dehydrate

Steam-Bake Smart Combo: You can now steam and bake food at the same time without being limited by sequential process

*This function offers to P41-P46 preset menu only

46 Preset Menu

A vast array of recipes with clear cooking instructions, empowering you to be the next master chef.

7 Supporting Functions

One simple tool with a list of features: ferment, defrost, keep warm, vent boost, steam clean, descale, and deodor.

Diamond Blue Enamel Cavity

Resistant to stains, abrasion, and corrosion. Simply clean with just a wipe.

Dazzling ColourFULL Screen

Crystal clear, user-friendly interface for real-time cooking monitoring in a few taps.

Cooking FULL Happiness With FOTILE Luna Series Complete Set

FOTILE Luna Series offers two ideal kitchen solutions tailored to meet diverse kitchen requirements. Both are equipped with smart tech innovation and high-performance features. First, the range hood+cooking range duo simplifies cooking stylishly. The range hood+gas hob+combi oven trio provides extra cooking space, satisfying most of your cravings.

Smart Sync: Auto activation of smoke extraction once hob is ignited for an exceptional cooking experience

Smart Timer: No more worries about unattended simmering dishes and overcooked food. With smart timer up to 180 minutes, heat control is a breeze

7+N Flame Levels: Easily adjusted to get the desired flame level

High Flame Power

5.35kW high flame power for stir-fry with ease.

Instant Ignition

Giving you roaring flames the moment you demand it.

Auto Cut-Off Gas

Automatic gas cut-off in times of emergency for family safety.

4-Layer Explosion Proof Panel

High-temperature and impact resistance, offering multitiered protection.

Flexi Cut-Out Size

Easy installation with versatile compatibility to different sizes of countertops.

SmartFULL Hob, Cooks Effortlessly

Fuelled by smart technology, FOTILE Luna Gas Hob boasts extraordinary looks and mighty performance; its smart sync with the hood automatically adjusts the airflow based on the flame level, simulating the “auto-pilot” concept. Mastering heat is the key to cooking perfection. FOTILE Luna Gas Hob enables precise flame level control, from stewing to stir-frying. Easy-to-navigate time interval setting allows error-free heat control for frying, sautéing, stewing or boiling.

A Smart SkillFULL Combo

FOTILE Luna Built-In Combi Oven enhances your cooking experience with its Steam-Bake Smart Combo and 72L massive capacity, bolstered by innovative heat and auto humidity technology. Multilayered steaming and baking cook more than one dish simultaneously, streamlining cooking processes and giving food a superior taste with uniform heating. FOTILE Luna Built-In Combi Oven is the key to unlock a variety of recipes.

Steam-Bake Smart Combo: You can now steam and bake food at the same time without being limited by sequential process
 *This function offers to P50-52 preset menu only

Multilayered Steaming & Baking: More palatable choices served at once

Multi-Function: Steam, bake, air fry and dehydrate food all in one appliance

Auto Humidity Technology: Maintains the optimum moisture level in the cavity when cooking for the best food texture

55 Preset Menu
 A vast array of recipes with clear cooking instructions, empowering you to be the next master chef.

7 Supporting Functions
 One simple tool with a list of features: ferment, defrost, keep warm, ventilation, steam clean, descale, and deodor.

Diamond Blue Enamel Cavity
 Resistant to stains, abrasion, and corrosion. Simply clean with just a wipe.

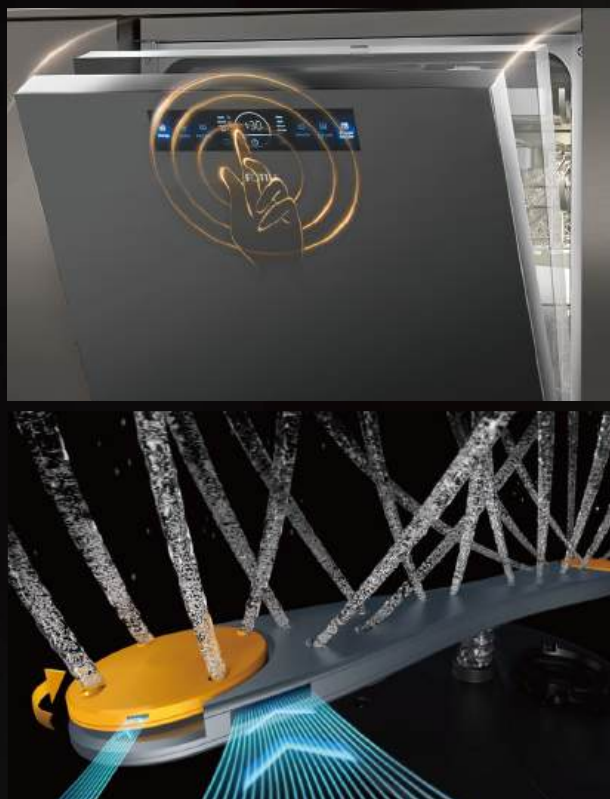

Dazzling ColourFULL Screen
 Crystal-clear, user-friendly interface for real-time cooking monitoring in a few taps.

Knock To Kick-Start DelightFULL Dishwashing Experience

Simply give the door two quick knocks, and watch as it glides open effortlessly, granting you easy access to its interior. Accommodating up to 18 place settings, FOTILE Luna Dishwasher instantly washes away all your worries. High-Pressure HydroJet Technology generates hundreds of billions of cavitation bubbles in water, expediting the water flow to remove stubborn stains effectively. Moreover, high-temperature steam sterilisation, automatic water drainage system, long-hour ventilation and storage reward you with a delightFULL dishwashing experience.

Knock Twice To Open: Simply give the door two quick knocks to open dishwasher's door, simplifying your kitchen experience

Patented High Pressure HydroJet Technology: Thorough cleaning and silently removes dirt, sustaining the tableware gloss

All-in-One Dishwashing: All-in-one experience for washing, sterilizing, drying, and storing without any hassle

Automatic Detergent Dispensing System: The liquid detergent dispenser holds sufficient detergent for 15 washes, simply fill it up and forget until it alerts you when it's empty.

Massive Capacity

3-tier rack design to thoroughly clean up to 18 place settings.

168-Hour Storage

Smart ventilation to sustainably keep dishes fresh and dirt-free for hours so you may take out and use tableware as needed.

Efficient Water Discharge

Automatic water discharge prevents wastewater backflow and odor accumulation.

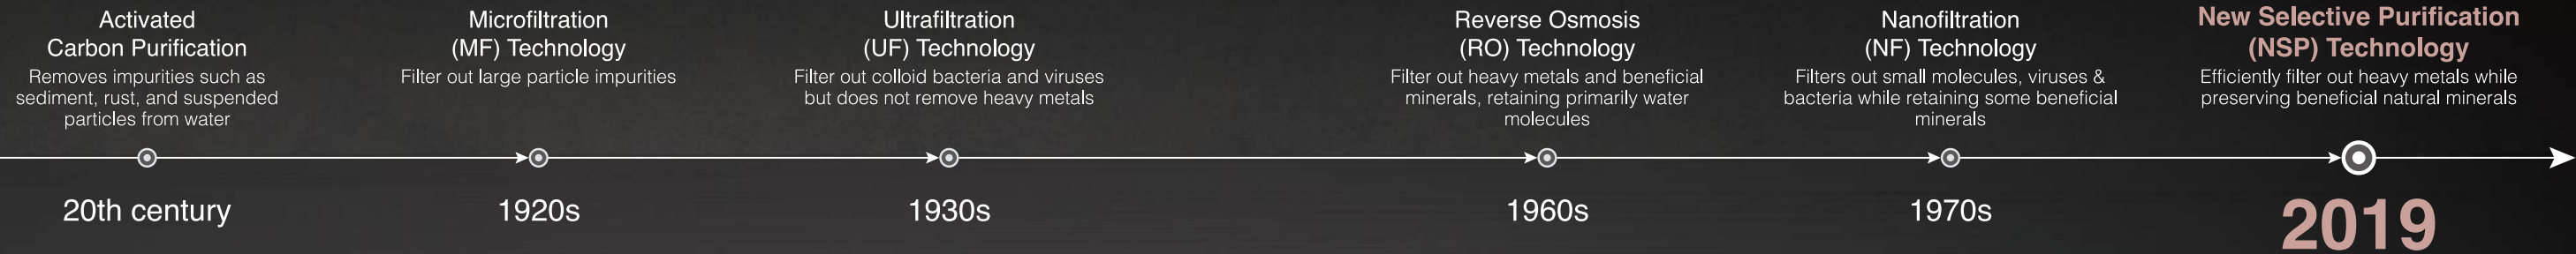

Steam Sterilisation

Eliminates 99.9999% of harmful bacteria under a high temperature of 100°C, assuring optimum health protection.

History of Water Purification Technology

Indulge In HealthFULL Hydration

As fresh as spring water, temperature at your fingertips — daily drinking water experience brought to you by FOTILE Luna Water Purifier. The unit filters out heavy metals with the advanced New Selective Purification (NSP) technology while retaining beneficial minerals for the finest water purification. Furthermore, FOTILE Luna Water Purifier's thick film rapid heating technology instantly serves large volumes of hot water at a specific temperature. So, you can enjoy a healthy and purified water in a split time.

Retains Beneficial Natural Minerals: New Selective Purification (NSP) Technology effectively retains over 90% of essential minerals

Highly Efficient Heavy Metal Removal: Removes up to 99% of heavy metals

Triple UV Sterilisation: Achieves a sterilisation rate of up to 99.999%

Thick Film Rapid Heating Technology: Delivers hot water in just three seconds, instantly access to heated and purified water on demand

5-Temperature Setting

Fulfilling daily needs with water temperature up to 95°C.

User-friendly Filter Replacement

Simply twist and pull to replace the filter.

Anti-Scald Design

Multilayered thermal insulation design, ensuring effective protection against scalding.

*Retain Beneficial Natural Minerals: Calcium, Magnesium, Potassium, Strontium, Lithium, Selenium, Bicarbonate, Metasilicic Acid.
Filter Out Heavy Metals: Mercury, Chromium, Lead, Arsenic, Tin.

7-Stage Purification with Comprehensive UV Sterilisation

FOTILE enhances its waterway sterilisation by incorporating instantaneous UV-LED technology throughout the entire water path, from the source to the outlet. This system achieves a sterilisation rate of up to 99.999%, ensuring that the water is fresh and safe to drink for your love ones.

* Patent No. ZL 2017 1 0982839.3 & ZL 2021 1 1126661.5

Comprehensive Triple UV Sterilisation for Fresh and Pure Water

Triple UV sterilisation, including a UV-LED at the faucet outlet to ensure your drinking water is safe and clean.

Our Outstanding Honors

25L Large Capacity & Flat Cooking Surface: Fits more food as it utilizes the capacity and offers easy cleaning with a simple wipe on the flat surface

Microwave and Light Heating System: Double firepower from microwave heat and light waves for evenly cooked food heating

Independent Ventilation System: Allow ventilation by discharge hot air from front panel. Integrates into any cabinet without modifications, attaining uniform kitchen aesthetics

Microwave and Grill Combination: Microwave-grill combo caters to a wide range of appetites

Quick Menu

Multiple modes selection, free switching of grill and microwave.

Independent Heat Dissipation

Independent air path design, perfectly embedded in the cabinet.

Strict Radiation Protection

Multiple sealing shields, healthy usage with no worries.

ThoughtFULL Designed for Any Cabinet

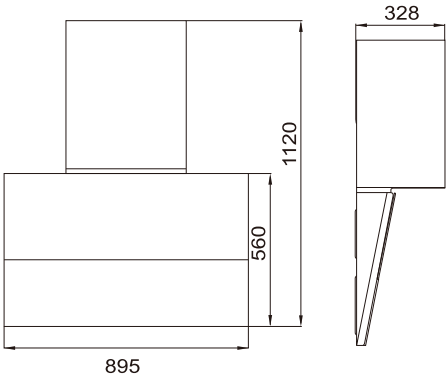

FOTILE Luna Microwave Oven is designed to every intricate detail, providing flatbed convenience of easy-to-clean flat, smooth cooking surface and larger cooking space. Its microwave heat and light waves ensures food is evenly cooked. The unit seamlessly integrates into the kitchen cabinet for a superior result with an independent ventilation system. Cooking is made more accessible with the beginner-friendly FOTILE Luna Microwave Oven, offering multiple modes to conveniently prepare any cuisine, be it Western or Asian dishes.
